REPLY TO
ATTN OF:

M/S 409

NOV 22 1983

Lawrence Chadzynski, Director
Spokane County Health District
West 1101 College Avenue
Spokane, Washington 99201

Dear Mr. Chadzynski:

Thank you for your letter of October 24, 1983. We appreciate your enthusiasm concerning additional work at the Greenacres landfill site.

As mentioned in my October 14, 1983, letter, we have no funding presently available for any further action at the Greenacres site. Some work may be possible only if the Region gets supplemental Superfund money during FY84 or if you can obtain additional funds elsewhere. If Superfund money becomes available, Superfund activity at the Greenacres site might occur during the third or fourth quarter of FY84.

Sincerely,

William A. Mullen
William A. Mullen, Chief
Drinking Water Programs Branch
